## Report of School Board.

As we submit our report for the year that has just closed, we feel that the work has been a success.

We have supported eight schools through the entire year, of thirty weeks, aside from thirty-three weeks that have been successfully maintained in the High school.

The Divisions No. 3 and 4 have been united throughout the year, the school being held in house No. 4. Also the scholars in No. 15 have been transported to No. 16 through the year. In thus consolidating some of the schools, we have been able to pay more salary and thus obtain better teachers than we could otherwise have done.

Our school buildings are in repair with one or two exceptions, where the houses need painting.

We ask for a liberal appropriation this year, for in this way the present high standard may be maintained.

# FINANCIAL STATEMENT FOR THE YEAR ENDING FEB. 15, 1901.

We have drawn orders on the treasurer as follows:

For teachers' salaries,	\$2,261 32

## Report of Fire Wards.

In submitting this report it is with pleasure that we state that for one year ending Feb. 15, 1901, no dwelling in this town has been destroyed by fire. We have had our usual number of brush fires, for which this town is noted, and which are very expensive. The following is a list of the fires for the past year:

June 30—Brush fire on the Will A. Woodbury lot. Prompt assistance soon had it under control.

August 4—Fire on lot owned by Charles Goodrich. Owing to the drought this fire was the most expensive of the season, requiring the attention of a large number of men for several days.

September 12—Another fire on the Woodbury lot, which spread to some extent; an alarm was sounded and the engine taken to A. E. Wilder's but not used.

November 9—An old land-mark, the old church on the hill, was burned. The hand tub came into good use at this time, it being kept in constant use for some time, showing that men from all parts of the town are willing to lend a hand at such a time and stick to the brakes.

We have purchased this year three hand extinguishers, which are placed in the Engine House. These with the facilities we already have make a first-class apparatus for a town of this size.

ARTHUR W. HOLT,

Clerk of Fire Wards.

## Report of the Trustees of New Boston Cemetery For the Year ending Feb. 20, 1901.

In presenting to you a review of matters pertaining to our Cemetery the past year, as a board, we are very forcibly reminded of the personal loss the board has sustained, in the death of our most honored president, Neil McLane. From the incorporation of the board he has always been a most active and intrusted officer. His intense interest, his willingness to serve in any case or capacity for the good of the cemetery, his wonderful memory, his clear, strong sense of justice, and his most genial companionship during all these years he was connected with us, endeared him most strongly to us. While the town sustained the loss of a valuable citizen, as a board, we felt we had lost more. May the one who fills the vacancy, be in a large degree as patient, as wise, as selfsacrificing as he.

Often, in presenting the report of the superintendent to you, we have spoken of the general low rate of mortality that had occurred during the year, but his report shows an increase, and a large per cent. are aged, most of them, those who for a long term of years were residents with us. There are no changes of note in the condition of the cemetery. The work of the superintendent has in our judgment been faithfully rendered. The increase of valuable monuments continue, and there are many private lots that have had careful attention during the season, but as a board of trustees, and as citizens of the town, we have been too much engrossed in our personal, private duties, to give such thought and labor as we ought to our cemetery, else why is it that headstones and monuments of our ancestors and families and acquaintances are so many of them leaning, or prostrated on the ground, or why should a lot be left disfigured by the falling in of the grave, and no care bestowed on the grounds, except the general cleaning up the entire grounds by our superintendent? We desire that the coming bright Spring and Summer months shall witness a better effort of each of us personally. We commend the action of the selectmen in allowing the hearse to be

put in thorough and neat repair befitting its use. Let the utmost freedom of suggestion on the part of the citizens to the board prevail, as we desire from you.

Respectfully,

GEORGE A. WASON,  
THOMAS R. COCHRAN,  
ALFRED M. CAMPBELL,  
SOLOMAN D. ATWOOD.
